FLOORING

hydracork

## ONE FLOOR FITS ALL SPACES

Hydrocork is available in a beautiful range of realistic wood and stones visuals that provide all the benefits of the Corktech technology. Hydrocork is 100% waterproof which means that it can be used in all areas including bathrooms and kitchens! It is such a premium product that Wicanders provides a Lifetime Warranty for Residential usage.

MADE IN PORTUGAL

Century Morocco Pine

# WOOD LOOKS

Hydrocork is available in 20 natural look and feel visuals in a plank format of 1225 x 145 mm, and tile format of 605 x 145 mm suitable for a herringbone installation. Featuring a 0,55mm wear layer that provides a remarkable enduring beauty, and with only 6mm of thickness, it is the perfect choice for renovation projects since Hydrocork can be installed on top of a previously existing floor.

Linen Cherry | B5R0001 4

Sawn Bisque Oak | B5P3001 4

Sand Oak | B5R1001 4

Light Grey Marble

# STONE LOOKS

Hydrocork has 6 natural realistic visuals featuring also a 0,55mm wear layer that offers high resistance and durability. Available in a board format of 615 x 295 mm and with only 6mm of thickness, it is the ideal choice for renovations projects.

Beige Marble | B5XV001 4

Jurassic Limestone | B5XS001 4

Light Grey Marble | B5XW001 4

Graphite Marble | B5XX001 4

Chalk Grey Stone | B5V6001 4

Dark Beton | B5V5001 4

**100%  
WATERPROOF**

**DURABLE,  
RESISTANT  
AND EASY TO MAINTAIN**

The elasticity and resilience of Hydrocork's cork layer create a floor that is adaptable to pressure, adding the capacity to absorb, resist and recover from violent impacts. The surface is made with a protective wear layer making easy to clean.

## MORE THAN JUST A BEAUTIFUL FLOOR

Hydrocork is a low thickness floating solution with a core board made of composite cork that can be placed in any indoor space without boundaries. Ideal for renovations, Hydrocork is also 100% waterproof, incredibly stable, durable, great noise absorber, and thermal insulator - all due to the unmatched cork properties.

**SILENCE**

Hydrocork can act as a noisy buffer between the floor and the rooms underneath reducing the walking sound up to 53 %.

**NATURAL THERMAL  
INSULATION**

The natural thermal insulation properties of cork make Hydrocork very energy efficient and provide an optimal floor temperature throughout the year which contributes to an overall comfort.

**WALKING COMFORT**

Hydrocork inherent flexibility provides a unique comfort in movement. Even when walking barefoot, a sense of cosiness, relaxation and enjoyment is felt.

**BODY WELLNESS**

Hydrocork is the perfect balance between overly hard or too soft floors providing the needed stability to reduce effort on walking and decrease body fatigue.

**IMPACT RESISTANT**

Hydrocork it's a high shocking absorber maintaining it's resistance at the same time. It's a very robust flooring with a long life span.

**100%**  
WATERPROOF

**DURABLE,  
RESISTANT**

**AND EASY TO MAINTAIN**

The elasticity and resilience of Hydrocork's cork layer create a floor that is adaptable to pressure, adding the capacity to absorb, resist and recover from violent impacts. The surface is made with a protective wear layer making easy to clean.

## EASY AND FAST INSTALLATION

STABLE AND STRONG INSTALLATION WITH **PressFit** COMPRESSION SYSTEM

PressFit is a revolutionary compression system that takes full advantage of the amazing cork properties - flexibility, elasticity and compressibility - functioning like a cork stopper

Hold two planks side by side.

1<sup>st</sup>  
STEP

When it is inserted in the gap, the cork core automatically compresses.

2<sup>nd</sup>  
STEP

Press down along the joint with the help of a white rubber hammer.

Then, it expands back to its initial shape, forming a tight, stable seal.

**REDUCED** INSTALLATION COSTS

Hydrocork is only 6mm thick making it easy to cut. Avoids the need to remove the existing skirtings or to cut doors and it can be easily installed on top of other flooring materials.

LIMITED  
**LIFETIME**  
WARRANTY

Arcadian Rye Pine

Promotes global sustainability, environmental health, and safety

Low Telegraphing Effect

Remarkable Realism

Suitable for Subfloor Heating

Dimensional Stability

15 years warranty for Commercial use.
